67-10-01-05. Loan approval - Demonstration of fiscal need and capacity to repay. Before the superintendent may approve a loan, the district must demonstrate to the superintendent's satisfaction fiscal need for the loan and capacity to repay the loan. To determine fiscal need and capacity to repay, the following factors will be considered:

1. The ratio between the district's total capital debt and taxable valuation (a 1:1 ratio indicates the highest level of need);
2. The ratio between the district's tax levies and the average district tax levies for the state of North Dakota (the higher the total tax levies in relationship to the average district tax levies, the greater the need);
3. The ratio between the district's total capital debt and the district's annual total expenditures (the higher the total capital debt in relationship to the total annual expenditures, the greater the need);
4. The ratio of the district's per-pupil taxable valuation to the average per-pupil taxable valuation for the state of North Dakota (the lower the per-pupil taxable valuation in relationship to the state average, the greater the need); and
5. A student population base that assures a reasonable level of cost-effectiveness of the facility.
